

RAB

Low cost and high performance.

BRISK17 ultra-economy entry light.

All the essentials, at a budget price.

Our ultra-economy products are always designed to maximize value. The BRISK17 comes with a field-adjustable CCT switch that's easily accessed inside the wall pack and allows you to choose between 3000, 4000 and 5000K.

It also includes a discreet, integrated photocell for an additional level of control.

The level of performance you expect from us.

Tight budgets don't mean having to sacrifice on performance. The BRISK17 delivers high CRI and industry-leading efficacy with a design that covers the footprint of most traditional tallpacks.

- 80+ CRI
- 144 lm/W
- High output, high efficacy
- No flickering or humming
- 0-10V dimming

On when you need it,
off when you don't.

BRISK17 also includes a discreet, integrated photocell for an additional level of control.
