E3HBC

LED High Bay Fixture CCT-select & Wattage Select • 2 Size Options • 10 Year Limited Warranty

Overview

Energetic Lighting E3HBC Round LED High Bay fixtures, also called UFO LED high bays, are ideal for replacing or retrofitting legacy HID high bay lights, offering high performance and long life. Typical applications include commercial and manufacturing facilities, gymnasiums, warehouse lighting fixtures, and retail aisles. Our Round High Bays are also available in dedicated versions of 100W, 150W, 200W, and 240W, with color temperatures of either 3500K, 4000K or 5000K. Accessories include UFO LED microwave sensors, which are easy to install and with optional plug-n-play sensor. Energetic lighting also offers high temperature-rated UFO LED high bay fixtures featuring an ambient operating temperature of 50°C/122°F. These are ideal for applications such as warehouses and manufacturing facilities in southern climates, and industrial buildings that have demanding temperature requirements.

Features

- ezCCT Selectable 3500K, 4000K, and 5000K and ezWATT Selectable
- Dimmable down to 10% with dimmers of 0-10V
- Minimum LED Lifetime L70 Rating 70% lumen @50,000 hours -L70/50,000
- Light Efficient polymer diffusing lens for even illumination
- Emergency Battery Backup system & motion sensor option available.
- Bluetooth control available for wireless grouping and system scheduling.
- Unique integrated thermal heat sink added for maximum dissipation.

Applications

- Commercial and Retail
- Warehouses
- General Indoor Area

Highlights

Easy CCT and Wattage Selectable options for desired color temp or wattages.

Quick and easy twist & lock motion sensor with options of Bluetooth capable sensors

E3HBC has the optional U Bracket for surface mounting with adjustable angles

1/2" Female threading, interchangeable hook mount with supplementary safety cable. (included)

Provided with 6-foot input cord, 5 circuit leads for power and dimming.
