

RLED-G2 Series LED Cooler Door Luminaire

The RLED-G2 Series is a bright and energy efficient vertical cooler door light fixture. Driverless design plus included cables and quick connectors make for an easy and professional installation. LEDs are aimed directly at the product, boosting visibility and product sales.

KEY FEATURES:

- Available in two lengths to fit 5' and 6' cooler doors
- Easy Installation, link up to 10 lights together (up to 200W in series)
- 3 foot quick connect power plug accessory available
- Combines LED technology with a traditional form
- Anti-fog, Anti-Corrosion fixture
- Unique beam angle offers improved light dispersion
