INSTALL INSTRUCTIONS

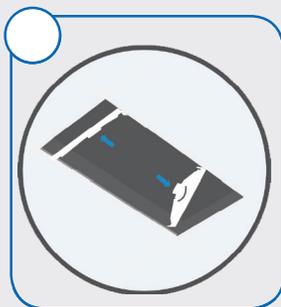

• **STEP 1**

- Shut off or disconnect power to the fixture.

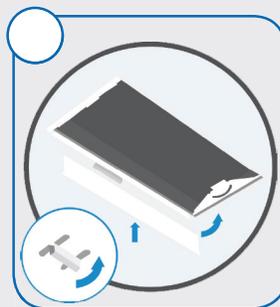

• **STEP 2**

- Remove existing fluorescent lamps and components, then disconnect existing connections to the fluorescent ballast.

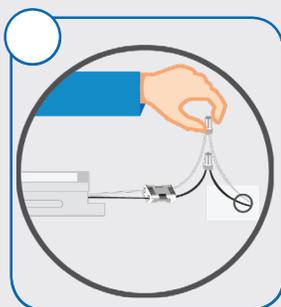

• **STEP 3**

- Gently lift the original housing and insert the brackets between the housing and the T-grid.

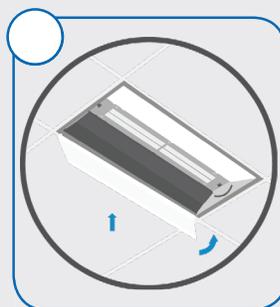

• **STEP 4**

- Install the gear panel by first hooking the slots into the respective tabs in the end panels. Rotate the fasteners to secure in place.

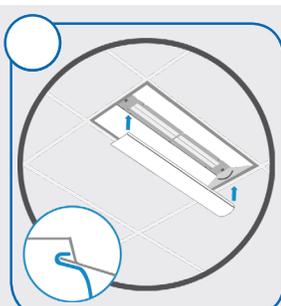

• **STEP 5**

- Connect the BIF to AC power and ground.

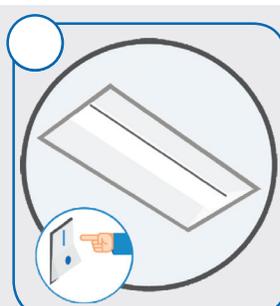

• **STEP 6**

- Install the side panel by first hooking the slots into the respective tabs in the end panels. Rotate the fasteners to secure in place.

• **STEP 7**

- Install the lens by hooking onto the tabs on the gear panel and the side panel.

• **STEP 8**

- Turn on or reconnect power to the fixture to complete the installation.
